

My financial target

I will be depending on the sovereignty of God and the generosity of his people in order to do this apprenticeship.

I will be working 6 days a week and I will be entirely funded by donations.

My target to reach for the full 6 day week is \$37,400.

I could reach my target if over the 2 years:

10 people gave \$40 a week

10 people gave \$25 a week

And 10 people gave \$10 a week.

If possible, it would be excellent if you could consider giving over the two years (2015-2016).

HOW TO SUPPORT ME

Prayer: Sign up to receive my prayer letters.

Financially: Support me financially by giving regularly or a one-off donation.

Both of these options can be done with a trainee supporters form that I can provide you.

CAMPUS BIBLE STUDY
MINISTRY APPRENTICE

This booklet explains what I will do as a ministry trainee at Campus Bible Study and how you can support me in my apprenticeship.

campusBiblestudy

About me

I am currently finishing a 4 year university degree at the University of New South Wales. I studied Music Education and majored in classical singing. I have attended the Night Church at St Paul's Carlingford for 10 years and have had the opportunity to participate in and lead multiple ministries including Scripture teaching, Sunday school and beach missions.

At my time as a student with Campus Bible Study I was able to see the value of the work that it does on campus.

1. I was able to benefit from the Christian voice available on campus to challenge the universities presumptions of our world
2. I participated in and witnessed evangelism on campus, challenging students to rethink their world view
3. I was trained in knowledge of the bible, trained in bible study leading, as well as how to live as a Christian in the world.

MINISTRY APPRENTICESHIP WITH CAMPUS BIBLE STUDY

Campus Bible Study Mission Statement

Proclaiming the crucified Christ as Lord of all, we evangelise, teach and train University students, sending them to serve the Lord in Australia and the world, all to the glory of God.

What will I do?

PROCLAIMING TO THE LOST

An essential part of my role will be bringing the gospel of the crucified Christ to those who have not heard of Him. I will have the opportunity to speak to unbelieving local students as well as international students who may have never heard the name Jesus. On campus this will involve walk-up evangelism, one to ones, bible study and other activities that involve teaching the bible

Missions around Campus and Australia

Reading through Mark with the Islamic society

GROWING CHRISTIANS

Most of what I will do on campus will be reading the bible with students. This will include bible study, bible talks, one to one bible reading, and various training courses. All of these seek to grow Christians in their knowledge of God and his word, training them so that they can serve The Lord in Australia and the world as Christian ministers and workers.

Meeting together to sing, pray and read the bible

Reading the bible one to one and in bible study

BEING TRAINED

As I go about the above ministries I will be trained. This will involve meeting one to one with my trainer as well as group staff training and women's training. Together, these seek to train me in knowledge of God's word and how to serve his people. It is this training that will begin to prepare me for a lifetime of ministry
